RESOLUTION ADOPTING THE ANNUAL SCHOOL BUDGET FOR FISCAL YEAR 2020

WHEREAS, pursuant to Section 34-43 of The Illinois School Code (the "Code"), the Board of Education of the City of Chicago (the "Board") is required to adopt an annual school budget for each fiscal year of the Board within the first 60 days of the fiscal year of the Board to which such budget relates; and

WHEREAS, the Board is directed by the provisions of Section 34-43 of the Code to balance its budget in each year within standards established by the Board; and

WHEREAS, Section 34-43 of the Code authorizes the Board's budget for any fiscal year to (i) provide for the accumulation of funds for educational purposes as the Board may direct for capital improvements or in order to achieve a balanced budget in a future year within the four-year period of the Board's financial plan to begin in that budget year; and (ii) to provide for a reserve in the educational fund to ensure uninterrupted services in the event of unfavorable budget variances; and

WHEREAS, Section 34-45 of the Code directs that the budget shall include the organization units, purposes, and objects for which appropriations are made; the amount appropriated for each organization unit, purpose or object; and the fund from or to which each amount appropriated is to be paid or charged; and

WHEREAS, the Board is empowered and directed by the General Assembly pursuant to the provisions of Section 34-3.3 of the Code to, among other things: (i) increase the quality of educational services in the Chicago Public Schools; (ii) reduce the cost of non-educational services and implement cost-saving measures including the privatization of services where deemed appropriate; and (iii) streamline and strengthen the management of the system, including a responsible school-based budgeting process, in order to focus resources on student achievement; and

WHEREAS, the District has provided most schools with budget allocations using a Student Based Budgeting model which calculates allocations for core instruction funding based on a per-pupil formula and further provides a principal with discretion on the use of per-pupil funds; and

WHEREAS, the Board's Debt Management Policy, Section III.I. (Board Report 13-0724-PO1), authorizes the Board to use its operating funds to establish a reserve balance accounted for within the Debt Service funds to be used for any governmental purpose approved by the Board and delegates authority to the Senior Vice President of Finance as the Chief Financial Officer of the Board to authorize any transfer to or from Debt Service funds; and

WHEREAS, the President and Members of the Board desire to declare their intent that the Board reimburse itself for the payment of all or a portion of capital expenditures as outlined in Resolution 19-0828-RS3, Exhibit A and the website www.cps.edu/capitalplan with the proceeds of tax-exempt Bonds when such proceeds are available, which declaration of intent is intended to comply with Section 1.150-2 of the U.S. Treasury Regulations; and

WHEREAS, the Board currently expects that the proceeds of the Bonds will be applied to so reimburse itself not later than 18 months after the later of (a) the date the original expenditure is paid, or (b)

the date the Project is placed in service or abandoned, but in no event more than three years after the original expenditure is paid; and

WHEREAS, it is now appropriate for the Board to adopt its annual school budget for its Fiscal Year 2020 and related standards and policies;

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE BOARD OF EDUCATION OF THE CITY OF CHICAGO as follows:

Section 1. Findings. It is found, declared and determined as follows.

(a) Pursuant to section 34-43 of the Code, the Board has previously established standards by which its budgets shall be balanced in each fiscal year, consistent with the requirements of the Code. These standards provide that each budget of the Board shall cover a fiscal year of the Board and shall be developed and adopted in accordance with the requirements of the Code, including, but not limited to, Sections 34-42 through 34-51 thereof. These standards also provide that each budget shall be prepared in accordance with generally accepted accounting principles and shall be balanced such that, for each fund, the estimated sum of all revenues for the fiscal year from all sources and the amount of Fund Balance Available for appropriation in the fiscal year is greater than or equal to the estimated sum of all appropriations required to defray the amount of all expenditures and charges to be made or incurred during the fiscal year and the amount of all unpaid liabilities at the beginning of the fiscal year. The standards further provide that in determining the amount of the Fund Balance Available for appropriation in the Educational Fund, there shall be deducted (i) the amount, if any, which the Board directs to be accumulated to achieve a balanced budget in a future year within the four-year period of the financial plan to begin in the budget year or for capital improvements, and (ii) any reserve to insure uninterrupted services in the event of unfavorable budget variances.

(b) The annual school budget for Fiscal Year 2020 was prepared in tentative form by the Board and was available for public inspection for at least fifteen days prior to adoption (to wit, since August 9, 2019) by having at least five copies of the tentative budget on file in the Office of the Board and was posted August 8, 2019, on the district's web site at www.cps.edu/budget.

(c) On August 20, 2019, two public hearings were held concerning the adoption of the annual school budget for Fiscal Year 2020, notice of such hearings having been given by publication on August 15, 2019, in a newspaper of general circulation in the City of Chicago.

Section 2. Budget Approval. The Annual School Budget for Fiscal Year 2020, incorporating Exhibit A of this Resolution and the web site at <https://cps.edu/fy20budget>, is adopted.

Section 3. Transfers Between Appropriations. The Office of Budget and Grants Management may approve transfers within any Board fund and within an object group and purpose in accordance with this Section. Except for matters approved by the Board as being within the discretion of the Office of Budget and Grants Management, transfers within a fund and between object groups and purposes must be recommended by the Office of Budget and Grants Management and approved by the Board by a vote of two-thirds of the members, provided that such transfers shall not exceed 10% of the fund during the first half of the fiscal year, and no appropriation shall be reduced below an amount sufficient to cover all obligations that will be incurred against the appropriation. The Chief Executive Officer shall define object groups and purposes that are subject to these requirements.

The Senior Vice President of Finance is hereby authorized to transfer and use Debt Service funds not otherwise restricted under bond documents for the purpose of operating and capital expenditures to support

cash flow during the fiscal year. Transfers from the Debt Service funds for this purpose will be repaid from the next receipts of property tax revenues.

Section 4. Capital Budgeting Process. The Chief Executive Officer proposed a one-year Capital Improvement Plan (the "CIP") consistent with the annual budget and the requirements of Section 34-215 of the Code on August 28, 2019, for the Board's approval. Three public hearings were held to receive public comment on the proposed CIP. Such hearings were held on August 21, 2019, at three different locations.

The Board reasonably expects to reimburse itself for the payment of capital expenditures incurred and paid by the Board from its own funds with the proceeds of the tax-exempt Bonds upon the issuance thereof. These capital expenditures are outlined in Resolution 19-0828-RS3, Exhibit A and the website www.cps.edu/capitalplan.

Section 5. Grants. The Office of Budget and Grants Management shall be responsible for the structure and accountability of the school district's grants management process and is designated as the managing fiscal agent for the Board for all grant money received from funding agencies.

The principal of a local school or unit head, serving as an agent of the Board, is responsible for the implementation and management of all school-based or unit-based grants from governmental and non-governmental agencies. The principal or unit head is responsible for implementing the program in a timely fashion, as approved by the funding agency, and for expending funds in accordance with the terms, budget, and liquidation requirements of the approved proposal.

Section 6. Budget Allocations. Any Policy that refers to the use of a quota formula to determine school budget allocations or other related requirement is hereby deemed to constitute reference to the Student Based Budgeting model referenced in this Resolution.

Section 7. Personnel Policies. The appropriations herein made for personnel services shall be regarded as maximum amounts to be expended from such appropriations. Such expenditures shall be limited to personnel only as needed, or as may be required by law, not to exceed the maximum that may be employed for any position by title. Notwithstanding any item in the budget, one person may be employed or more than one person may be employed, upon recommendation of the Budget Officer and the Chief Executive Officer, whether such title is printed in the singular or plural. The salary or wage rate fixed shall be regarded as the maximum salary or wage rate for the respective positions, provided that salaries or wage rates are subject to change by the Board during the fiscal year in accordance with collective bargaining agreements approved by the Board.

Initial appointments to any position, transfers among positions and resignations of Board personnel shall be made in accordance with, and subject to, current Board Policies and Rules, as may be amended, from time to time.

Section 8. Settlement Agreements and Judgments. No expenditure may be made from any fund or line item account herein for the purpose of executing settlement agreements, entering into consent orders or paying judgments except upon the approval of the Board; provided, however, that this section shall not apply to judgments, settlement agreements or consent orders involving an amount up to \$50,000 or to labor arbitrations. In those cases, the General Counsel is authorized to approve such documents and expend such funds without approval of the Board.

Section 9. Fiscal Stability. Pursuant to the Fund Balance and Budget Management Policy (Board Report 08-0827-PO8, as may be amended), in the event that the stabilization fund decreases below 5% of the operating and debt service budget, the Senior Vice President of Finance will prepare and present to the Board a plan to replenish the reserve. The Board must approve and adopt a plan to restore these balances to the target levels within a 12-month period. If the restoration of the reserve cannot occur within a 12-

month period, the Senior Vice President of Finance or Budget Officer can request that the Board approve an extension of this deadline.

Section 10. Severability. To the extent that any prior resolution or policy of the Board (excluding Board Rules) is in conflict with the provisions of this Resolution, the provisions of this Resolution shall be controlling. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause, or provision shall not affect any of the other provisions of this Resolution.

Section 11. Effectiveness. This Resolution is effective immediately upon its adoption.

Electronic messages and files stored on CPS computers or portable devices or transmitted using CPS systems are treated like any other school property. District administrators may review files and messages to maintain system integrity and, if necessary, to ensure that Users are acting responsibly and in compliance with this policy and related guidelines. CPS may choose to deploy location tracking software on devices for the sole purpose of locating Computer Resources identified as lost or stolen.

C. Data & Systems. A User's access to view, edit, or share student information, records or data located on the CPS Network or Computer Resources must abide by local, state, and federal regulations, including FERPA and ISSRA. D. Personally Identifiable Information (PII). When sensitive information, including student records, private employee information or protected health information is transmitted or shared electronically, Users are expected to exercise reasonable efforts to protect the privacy of the information and only use CPS-approved secure channels to transmit data. Use of portable storage media such as a USB/flash/thumb drive to share PII is strictly prohibited. Further, Users must ensure that PII record transmissions reach only to those individuals with a right to said records and must take reasonable measures to ensure that only the intended recipients are able to access the PII.

E. Monitoring. CPS reserves the right to prioritize network bandwidth and limit certain Network activities that are negatively impacting academic and operational services. Use of proxy servers or virtual private networks to bypass Network security systems (firewalls, etc.) is strictly prohibited.

G. Network Security. The CPS Wide Area Network (WAN) infrastructure, as well as the building-based Local Area Networks (LANs) are implemented with performance planning and appropriate security measures in mind. Modifications to an individual building network infrastructure and/or use will affect LAN performance and will reduce the efficiency of the WAN. For this reason, any additional Network electronics including, but not limited to, switches, routers, and wireless access points must be approved, purchased, installed, and configured solely by ITS to ensure the safety and efficiency of the network. Users are prohibited from altering or bypassing security measures on electronic devices, Network equipment, and other software/online security measures without the written consent of the CIO. Anyone utilizing the CPS Network understands and acknowledges that CPS security systems may intercept and decrypt traffic in order to analyze traffic for security risks or content filtering purposes. Devices connected to the CPS Network may be disconnected if any security risk is identified that places the rest of the Users, Network systems, Computer Resources or data at risk. Situations would include but not limited to devices infected with malware, unauthorized network scanning systems and applications that bypass Network security.

H. Filtering and Blocking. CPS is required to protect students from online threats, block access to inappropriate content, and monitor internet use by minors on school networks in accordance with CIPA. ITS is responsible for managing the district's Internet filter and will work with School Management to ensure the filter meets the academic and operational needs of each school while protecting minors from inappropriate content. Additionally, under an ITS-managed program to allow schools limited controls over the web content filtering policies for their relevant schools, a school principal or their designee may be provided secure access to the web content filtering systems. School staff with access to manage the policies affecting the Internet must ensure the district does not violate CIPA or other compliance requirements. The principal will ensure the school remains in compliance with all requirements to participate in the program as set by ITS, otherwise access to the additional controls will be revoked and the school web content filtering policies will be reset to the current district-wide policy settings.

I. Remote Access. Remote access to the CPS Network is allowed only through ITS-authorized remote access solutions and will always require two factor authentication.

J. Third Party Systems. CPS provides Users with the means to communicate through a variety of district-owned or leased systems located on the CPS Network in order to effectively conduct district operations. Users may not circumvent the requirements of this policy or other Board policies by using a third party system to communicate when a similar system is otherwise available on the CPS Network. To the extent that a particular system is not available on the CPS Network, User's use of a third party system is subject to approval by the Chief Information Officer (CIO) or designee. If approved, such use is subject to the requirements of this policy and other applicable Board policies as well as any other requirements specified by the CIO. In such cases, the User is solely responsible for ensuring compliance with all such policies and requirements. Nothing herein is intended to limit prior Board mandates for Users to use only the Board's email system, student information system, remote access solution and any other mandates that may be established in the future by the CIO or the Board.

K. New Technologies. The requirements of this policy apply to all technologies currently in use on the CPS Network, those technologies authorized by ITS for use by a school, office or departments, and those technologies that may be used in the future on the CPS Network. ITS shall establish guidelines on the use of any new technology approved for use on the CPS Network or for use by a school, office or department.

L. Passwords. Users are required to adhere to password requirements set forth by CPS when logging onto the CPS Network or Computer Resources directly or via remote access. Users are not authorized to share their password under any circumstance.

M. Unauthorized Access and Data Tampering. Users are prohibited from (1) using their authorized access to a CPS Network system to falsify, misreport, misrepresent, make unauthorized changes or deletions or otherwise tamper with CPS data; and (2) entering, changing, moving or copying data in a CPS Network system that the User has no access or entry authorization rights to such system. Any entry, modification or deletion of CPS data by an unauthorized User is considered tampering and is prohibited. Users are subject to discipline for any unauthorized access to a CPS Network system or Computer Resources and for their acts or omissions that allow others to gain unauthorized access.

VII. Email.

A. Usage. Users are not allowed to use a personal, third-party email account (e.g. Hotmail, Yahoo, etc.) in their capacity as representatives of CPS. Email sent by Users in their capacity as representatives of the CPS must be sent from their CPS email account, with Board authorized return addresses. User emails are subject to retention by ITS in accordance with the Board's Email Retention Policy. If a User inadvertently sends or receives an email related to their work duties on their personal email account, the User shall forward the email(s) to their CPS email account.

B. Confidentiality. Users must exercise due care to ensure that email messages containing PII or confidential information conform to the confidential transmission requirements noted herein and are transmitted only to their intended recipients. Users shall abide by the ITS Guidelines and standards on the classification, handling and email transmission of PII and other confidential information, including applicable encryption requirements.

C. Broadcast Emails. The Office of Communications shall establish guidelines by which broadcast emails may be authorized for distribution. Users may transmit broadcast emails only when authorized in accordance with such guidelines. Any links to attachments on broadcast emails must be hosted on a CPS-authorized source and vetted to ensure that the file does not contain PII or confidential information and must comply with ITS security standards established for the bulk communication tool.

D. Freedom of Information Act (FOIA). Any communication sent by or to a User using the CPS Network or Computer Resources could be subject to public access requests submitted through FOIA. Further, data and other materials and files maintained on the CPS Network or Computer Resources may be subject to review and disclosure under FOIA or discovery. Use of personal email accounts, personal social media and other personal electronic communication systems to conduct school business is prohibited and may cause a User's personal accounts to be subject to FOIA and other inquiries.

VIII. Mobile Device Communication.

A. Use of Mobile Devices for CPS Business. Use of a Board-Issued Mobile Device or Personal Mobile Device to conduct district business must comply with the mobile device use standards issued by the CIO. The standards shall, at a minimum, require a User to properly retain text and call records generated while using a mobile device for business purposes and comply with the Board's record retention policies and retention schedule established to comply with the Illinois Local Records Act.

B. Mobile Device Communications with Student(s). Users are prohibited from communicating with a student via (1) a student's mobile device, whether phone, text or ~~IM~~ instant message, (2) a student's personal email account (communications to the student's CPS email account is permitted), (3) any Personal Social Media account or non-CPS Social Media account, and (4) any group messaging app other than the CPS-provided or approved app (currently CPS-Google Hangouts), subject to the following exceptions:

2. Approved Bulk Text Notifications and Alerts to Students. Schools may utilize a bulk text notification system that delivers group text notifications and alerts to a student's personal cell phone, provided that:
 - (a) the notification system is authorized by the CIO or designee upon information security and records retention compliance review;
 - (b) the parent/guardian provides prior written permission for their child to receive the text notifications/alerts; and
 - (c) the parent/guardian receives the same text notifications/alerts sent to their child when the parent/guardian elects to receive these notifications/alerts.
3. CPS Programs for Re-Engagement of Out-of-School Youth, Chronic-Truants, the Student Outreach and Re-Engagement Centers (SOAR), Juvenile Justice (JJ) teams and Students Exiting Juvenile Detention Facilities approved by the Chief Executive Officer (CEO-Approved Re-Engagement Programs). CPS staff members who are responsible for student outreach efforts under a CEO-Approved Re-Engagement Program may communicate with students in grades ~~74~~-12 via phone, text messaging or ~~IM~~ instant messaging or email from a CPS staff member's CPS email account to a student's personal email account provided that the CPS staff member:

- (a) complies with the parent/guardian permission requirements established by the CEO for staff/student text communications under the Program;

PARTICIPATING CHARTER AND CONTRACT SCHOOLS: See attached Exhibit A.

BACKGROUND INFORMATION:

The Board of Education of the City of Chicago ("Board") desires to develop a common online, mobile-friendly application platform for all public high schools and CPS programs throughout Chicago including charter schools and contract schools ("High School Application Redesign" or "HS Application Redesign"). The key benefits to having a single, common high school application would be to (a) simplify the process for families and increase equality of access; (b) provide more transparent admissions decisions and offers; (c) know students' school decisions earlier which enables having the right resources in the right schools on day one; and (d) provide additional data on students' preferences to inform strategy and planning for the district. The application and transfer processes for the HS Application Redesign shall be centralized at the CPS Office of Access and Enrollment for all district operated schools, contract schools, and charter schools that opt-in to the HS Application Redesign.

The Board desires to enter into an MOU for the HS Application Redesign with the charter high schools that have opted into the CPS launch phase and application period of the HS Application Redesign for 9th grade students entering high schools in the Fall of 2018, and the Fall of 2019, the Fall of 2020 and beyond by amending their existing school agreements to delegate authority to the Board to conduct the application process and the lottery, if necessary, on behalf of the charter schools.

To achieve the objectives of (i) giving applicants their highest possible choice in light of applicant movement between the time when offers are extended and the start of the new school year and (ii) ensuring accurate school financial management in light of annual student attrition, the district shall be allowed to develop 9th grade offer numbers at contract and charter high schools listed in Exhibit A based on procedures that are comparable to non-selective enrollment high schools in the district.

When there are more 9th grade students accepted through the HS Application Redesign and enrolled in the high schools listed in Exhibit A by the 20th day of the CPS semester up to a maximum of 10% above and beyond the maximum student enrollment number in such schools' agreements ("Additional 9th Grade Students"), the Board desires to make payments to those schools for such Additional 9th Grade Students.

MEMORANDUM OF UNDERSTANDING WITH CHARTER SCHOOLS: Under the MOU, the district shall be allowed to develop 9th grade offer numbers at the charter schools listed in Exhibit A based on procedures that are comparable to non-selective enrollment high schools in the district. This authorization is contingent on charter high schools each opting into the High School Application Redesign.

Charter high schools that have signed on to High School Application Redesign are agreeing to comply with the updated CPS enrollment and transfer processes as documented in the Board's Policy on Enrollment and Transfer of Students in the Chicago Public Schools adopted April 26, 2017 (17-0426-PO1), as may be amended, and the Board's Admissions Policy for Magnet, Selective Enrollment and other Options for Knowledge Schools and Programs adopted April 26, 2017 (17-0426-PO1), as may be amended.

TERM OF MOU: The MOU shall commence on July 27, 2017 and shall end on ~~June 30, 2020~~ the expiration date set forth in each school's current charter school agreement.

EXISTING CHARTER AND CONTRACT SCHOOLS' AGREEMENTS: This Board Report authorizes the amendment of the existing agreements for the charter schools and contract schools listed in Exhibit A as set forth below, effective as of July 27, 2017; however, written amendments are not required:

- a. Amend Section 4.d. or 5.d., in particular the Enrollment and Application Process/Lottery subsections, of their existing Charter School Agreements to delegate authority to the Board to conduct the high school application process and the high school lottery, if necessary, on behalf of the charter schools and to allow the district to develop 9th grade offer numbers at the charter high schools listed in Exhibit A based on procedures that are comparable to non-selective enrollment high schools in the district.

b. Amend Section 4.d, Enrollment, and Exhibit A-II.B., Student Population, of their existing Contract School Agreements to allow the district to develop 9th grade offer numbers at the contract high schools listed in Exhibit A based on procedures that are comparable to non-selective enrollment high schools in the district.

COMPENSATION: Payments are authorized (per-pupil funding and all other necessary local, state and federal government funding) for Additional 9th Grade Students under those schools' existing Charter School Agreements and Contract School Agreements in the event there are more 9th grade students accepted through the HS Application Redesign and enrolled in the schools listed in Exhibit A by the 20th day of the CPS semester up to a maximum of 10% above and beyond the maximum student enrollment number in such schools' agreement ("Additional 9th Grade Students"). In the event the Board provides district-run high schools with additional funds to offset 9th grade enrollment declines attributable solely to the availability and performance of the HS Application Redesign, the Board shall provide additional funds in the same manner to charter and contract high schools listed in Exhibit A that experience 9th grade enrollment declines that can be attributed solely to the availability and performance of the HS Application Redesign.

AUTHORIZATION: The Board's President and Secretary are authorized to execute the written Memorandum of Understanding for the High School Application Redesign and amendment with the charter high schools listed in Exhibit A. Additional charter schools may participate in the HS Application Redesign and execute the Memorandum of Understanding and amendment without amending this Resolution. The Board's General Counsel is authorized to include other relevant terms and conditions in the Memorandum of Understanding and amendment, including any indemnities to be provided to the charter high schools. The Board's President and Secretary are authorized to sign any amendments to the charter and contract school agreements in connection with the HS Application Redesign, subject to approval as to legal form by the Board's General Counsel. The Executive Director of the Office of Innovation and Incubation or his/her interim designee is authorized to sign any ancillary documents required to administer or effectuate the HS Application Redesign, including those required by the Illinois State Board of Education.

LSC REVIEW: Approval of Local School Councils is not applicable to this report.

FINANCIAL: The financial implications will be addressed during the development of the 2018-2020 fiscal year budget. Since the School Code of Illinois prohibits the incurring of any liability unless an appropriation has been previously made, expenditures beyond FY19 are deemed to be contingent liabilities only, subject to appropriation in subsequent fiscal year budgets.
